Item Revision Base Price &
Customer Order and Items

Excel File

Structure of the data source

Header Line1	Header Line2	Header Line3
Data1	Data1	
Data2	Data2	Data2
Data3		Data3
Data4	Data4	Data4
Data5	Data5	Data5
Data6	Data6	Data6
Data7	Data7	Data7
Data8	Data8	Data8
Data9	Data9	Data9
Data10	Data10	Data10
Data11	Data11	Data11
Data12	Data12	Data12

- Description in Header Line (Line 1)
- No worries about empty fields or lines

- Excel file can contain multiple sheets
- Each sheet displayed in Uploadia

Error handling

SystemLink error messages

- Same error messages than in Power- / Net-Link
